

# Windham Endowment *for* Community Advancement

Post Office Box 4315, Windham, New Hampshire 03087

Welcome to the **4th Annual Jazz Brunch and Art Show Auction**. We are thrilled to celebrate fine arts in Windham while supporting the mission of the Windham Endowment for Community Advancement.

Since our inception in 2006, the Endowment has been able to provide over \$150,000 of financial support to cultural, educational, environmental, and recreational initiatives within our community.

*Some examples of the Windham Endowment's good work through the years include:*

- Administering six scholarships, with annual benefits totaling \$5,000, which are awarded to graduating high school seniors
- Partnering with Friends of Moeckel Pond in a major environmental initiative to restore Moeckel Pond and open it for public recreation
- Partnering with WIRE (Windham Initiative for Renewable Energy) to construct a solar array, wind turbine and weather station located at Windham High School and utilized in the curriculum
- Capital improvement donations during the construction of Windham High School, including an acoustic shell and wireless sound system for the auditorium, student instruments and lighted art display cases
- Disbursements to Windham Woman's Club, Searles School and Chapel, Nesmith Library, Windham Community Bands, and the Windham Actors Guild

**Thank you for coming today!** Please enjoy the delicious food, the wonderful music, and most of all, the fantastic art. We thank our artists and businesses for their support of this event and hope that you will consider supporting the Windham Endowment as part of your annual charitable giving – your donation to the Endowment will help support your local community and those organizations closest to you.
