Windham Endowment Receives Generous Donation

The Windham Endowment for Community Advancement is proud to announce the receipt of a generous gift, which will be used as a starting point for the Nesmith Library Renovation and Expansion campaign. The very generous offering, made by library trustee and vice chair, Mary Lee Underhill, was presented to the Board of Directors of the Windham Endowment during a Board meeting last month. The Board unanimously accepted the gift, and would like to extend sincere appreciation for the support and generosity of Ms. Underhill.

The Windham Endowment for Community Advancement is a community foundation created to enhance the quality of life for all Windham residents, now and for generations to come. The Endowment provides a way for individuals, organizations, and corporations to channel their philanthropic giving for educational, cultural, recreational or environmental initiatives within the Town. Giving to the Windham Endowment for Community Advancement means a single donation can be disbursed to your choice of local organizations, causes and initiatives, held in trust for a single community cause, or invested to continue to bring value to the Windham Community far into the future. Since the Windham Endowment was founded and remains under the direction of Windham residents and neighborhood leaders, WE possesses a unique understanding of the historical, cultural, financial, political and civic interests of the community. WE will ensure that the focus of campaign initiatives and donor directed funds continue to enhance and contribute to the betterment of the community of Windham and its citizens.
