

Windham Independent, October 21, 2010
Letter to the Editor

THANK YOU

To the Windham Endowment,

Once again on behalf of the Windham High School Music Department I wish to express thanks and appreciation to Diane Carpenter and the generous donors from the Windham Endowment for their recent gift, which has enabled us to purchase additional music equipment. The Endowment has provided funding for brass and wind instruments, a grand piano, chimes, as well as an acoustic shell and various pieces of audio and lighting equipment for our theatre. The students in band, theory, and vocal music classes are fortunate to have a learning environment greatly enhanced by their access to such valuable resources. Music, as we know is a vibrant and powerful entity within our educational sphere, and your commitment of time and energy assisting us with our developing program will inspire our students to perhaps consider a career in or savor a life-long appreciation for the performing arts.

Additional thanks goes to the Endowment in collaboration with Windham Musical Arts Association for the recent success of the Jazz Brunch, which was enjoyed by many who attended to support our young performers!

Sincerely,

**Karen Sayward – Dean of Fine Arts
Windham High School**
