WINDHAM ENDOWMENT SUPPORTS LOCAL GIVING

Throughout Windham's history, our community has been the beneficiary of philanthropy. Some of Windham's architectural treasures that are part of our everyday lives were contributed by single individuals or families. Griffin Park, a wonderful athletic and play facility, is a recent example of what can be accomplished when town funding and private fundraising efforts come together.

As the year comes to a close, the Windham Endowment for Community Advancement would like to thank everyone for their support throughout the year. We would also like to highlight the Endowment's current designated funds and point out that new funds may also be established:

- Boy Scout Troop 266 Fund
- Coish Family Scholarship Fund
- Fine Arts Fund
- General Endowment Fund
- Greenhouse Fund
- Nesmith Library Building Fund
- Windham Community Band Fund
- Windham Historic Commission Fund – Searles School & Chapel Fund
- WIRE – Windham Initiative for Renewal Energy Fund

While the style of philanthropy has changed in Windham, the tradition of giving remains the same. The Windham Endowment, in partnership with donors and local organizations, seeks to extend and expand on this philanthropic tradition. Please become part of the tradition and consider making the Endowment a local component of your annual charitable giving. For more information, please go to www.windhamendowment.org.

The Windham Endowment wishes everyone a wonderful holiday and a peaceful New Year.
